Questions	
QID	Question
263	What were the best features of this course?
Response #1	The best feature of this course was the instructor. Martha graded assignments very quickly, responded to any emails almost automatically, was enthusiastic about the class, and genuinely wanted us to succeed. She spent time helping us problem solve, and even went above and beyond to send us emails of tutorials we might need, whether what we were making was for the class or for a project outside of class.
Response #2	Letting us think outside the box it was a challenge

Response #3	There was a syllabus and grades were given in an extremely timely manner. Martha is one of the best additions to this department and honestly I wish I could go back and take all of my other sewing classes with her. I've learned more this past semester about sewing than I have in my last 3 years of college. Projects were concise and we were allowed to have design freedom with Martha's unlimited advice that was always SO helpful. She was always willing to stay after class and come in to help anyone who needed it. I cannot stress enough how much I enjoyed having her as my professor this fall and I wish I could come back and take her class again. She is a fantastic addition to the program and the department should really take advice from her on how to develop the program because she has some really good ideas and has been great with communicating with students on how to improve the curriculum and her own teaching style. Martha will be a connection for me for many years after I graduate, and I am beyond happy that she was hired in the UD fashion department- she's a perfect addition.
Response #4	Martha being an awesome professor.
Response #5	I love you, Martha!!!!
Response #6	very fair grader very helpful and knowledgeable responded to email questions in a very timely manner I learned so much from Martha, great teacher
Response #7	The Professor was extremely helpful, I learned a lot about draping, and I liked the projects.
Response #8	Learning draping, make something you really like, explain yourself through your own design.
Response #9	Being able to show our creativity through our designs while also following project guidelines
278	How might this course be improved?
Response #1	This course could be improved by having muslin provided to the students, considering we do pay for it in the lab fee.
Response #2	More versatile projects maybe working with knits
Response #3	Having office hours on Fridays and/or the weekends.
Response #4	Martha is perfect!!
Response #5	more in depth lesson of alterations, lesson making blocks and draping for our own sizes smaller mannequins so we dont have to make drastic alterations before the fashion show
Response #6	This course could be improved by putting the draping lab and the sewing lab in the same building on the same floor!
Response #7	Give it more time.
Response #8	N/A
